BENEFITS

Designed to fit a 90cm space with a huge 600L capacity
Designed to fit neatly into an Australian 90cm kitchen cavity. Clever engineering allows it to be installed with minimum gaps on the sides meaning maximum storage for all your fresh produce.

Space for everything
When it comes to being organised you can never have too much space. With two door access to both your fridge and freezer, you won't know how you didn't have it before. Being able to see everything at a quick glance has never been so easy.

Clever, spacious freezer
If the classic French door design is something you want to see across your freezer space too, our four door french door fridge is the clever addition to your kitchen space. With 7 freezer compartments organising your freezer has never been so easy. Keep your freezer organised, tidy and quickly find what you need.

Get organised with the FlexFresh™ Crispers
Not every grocery shop is the same. Sometimes you need extra room for things like celery, while other times you need equal space for your fruit and vegetables.

Fingerprint resistant stainless steel
Little hands or sticky fingers wont be a problem with easy-clean fingerprint resistant stainless steel.

Easy glide drawers and specialised compartments
Easy glide freezer bins and fridge crispers give easy access without the effort – even when they’re full. Humidity controlled crispers keep fruit and vegetables fresh, while deli drawers help isolate odours. Handy storesafe™ drawers put special items safely out of reach

---

Endless possibilities with FlexSpace™
Designed to suit your ever-changing needs, the extra spacious French door design delivers a wider fridge capacity with FlexSpace™. Perfect for party platters or lots of fresh food, you'll love having everything at eye level so you can easily check all the contents with just a glance.

Adjustable storage solutions with FlexStor™
As your family changes and grows, so do the requirements of your fridge. With FlexStor™ you enjoy the convenience of being able to easily change the configuration, whatever your needs. Adjust the height and position of the door bins to fit in large and smaller items and arrange your fridge your way.

FlexSpace™, it's size redefined
With a busy lifestyle and a growing family, you can always do with more space in your fridge. That's why Westinghouse created FlexSpace™, which is designed to maximise storage, flexibility and access to meet your ever-changing needs. Big enough to handle even the biggest grocery shop, you'll be able to fit in all your food and drinks with ease.

Spillsafe glass shelves
From time to time, accidents happen. And when they do, you want to minimise the extent of the damage. Spillsafe™ shelves can capture up to one litre of liquid, so you can contain the spillage to just one shelf instead of the whole fridge.
